

CUSTOMIZED COMFORT FOR PEOPLE OF ALL SHAPES AND SIZES

Every chair has been designed to be as comfortable and ergonomically correct as possible. Comfort is of course a personal matter - and it is found when your posture is correct and you get support where your body needs it.

NORDIC 82 RING BASE
Large W: 83 H: 99/112 D: 73

NORDIC 86 DISK BASE
Large W: 81 H: 95/106 D: 76

HEIGHT ADJUSTING HEADREST
NORDIC 80, 82, 84 and 86 have a head-/neck support system that allows you to adjust the height of the headrest, regardless of reclining positions. This enables the chair to be customized for people of all shapes and sizes.

NORDIC 80 RING BASE

* Not all models are available in all IMG retailers.

Nordic Comfort

The Nordic recliner program from IMG of Norway offers unsurpassed comfort with high quality and a truly Nordic design theme. The laminated wood yoke and seat and back frame made in solid steel ensure unquestionable comfort, stability and long lasting quality. The steel frames are covered with cold cured molded foam.

RECLINING MECHANISM

With our frictionless reclining mechanism you are able to adjust the backrest angle by simply applying your body weight. A tension adjustment knob varies the friction on the reclining mechanism and is located underneath the seat.

360° SWIVEL

With a very smooth 360 degree swivel you can easily rotate the chair in either direction while seated. Our swivel mechanism offers effortless movement and unsurpassed stability.

ADJUSTABLE HEADREST SYSTEM

Dual hinge headrest system allows your head and neck to rest in an infinite number of comfort positions. It can manually be adjusted, regardless of reclining position, to your preferred angle and level of support.

FREESTANDING FOOTSTOOL

A freestanding footstool offers a comfortable and practical solution for foot and leg support. It can easily be moved and used as an extra seating place. The freestanding footstool features an angled top for enhanced leg support and better blood circulation.

SELECTING THE PERFECT SIZE

We make most of our models in two sizes to provide the degree of choice necessary to satisfy the consumer's demand for comfort. Varying the dimensions of the chairs by only an inch or two in depth, width and height offers customized comfort for people of all shapes and sizes.

VARIOUS BASES

You can choose between a laminated star base, ring base or a dome disk base in a wide range of colors. The laminated frame and base have amazing strength and durability.
